

Emerald Ash Borer

Small-Scale Logging & Slowing the Spread of EAB Field Day

Saturday, February 20, 2010 12:30-4:30pm
Riveredge Nature Center Newburg, WI

Open to the public, Outdoor Event - Dress Warmly
Coffee, cider, cookies and popcorn available

Photo courtesy of Adaptive Restoration, LLC

Join us as we demonstrate small-scale methods for harvesting logs, while dealing with the threat of the invasive pest, the Emerald Ash Borer

- 12:30 Introduction of participants
- 12:45 Ash Sink Tree methodology and goals (Jane Cummings Carlson, DNR Forest Health Coordinator)
- 1:00-4:30 Rotating sessions with practitioners and presenters

Work will be in progress and each practitioner will explain their work.

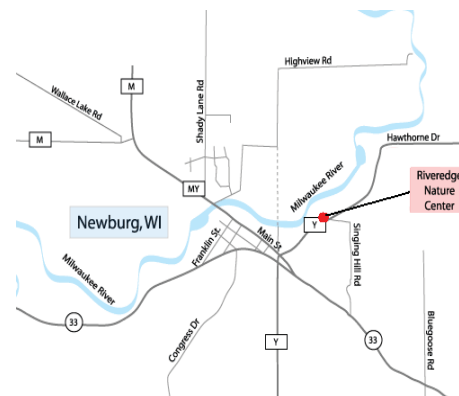

- **Horse Logging** (John Adametz, A-Z Percherons)
- **Radio Horse Winch** (Jim Uhrinak, GreenTree - Tree Care and Consulting)
- **Small-Scale Logging Arch** (Jim Uhrinak, GreenTree - Tree Care and Consulting)
- **Woodmizer Portable Sawmill** (Lance Wallace, Wallace Tree Care)
- **Tracked Skid Steer** (Lance Wallace, Wallace Tree Care)
- **Guidelines for Ash Management** (Julie Peltier, DNR Forester, Ozaukee and Washington Counties)
- **Quarantine Regulations and Compliance** (Anna Healy, DATCP)
- **Riveredge EAB Mitigation Plan** (Marc White, Riveredge)

Directions:

Follow Cty Hwy Y/Hawthorne Drive north of 33 in Newburg to the Riveredge Nature Center parking lot opposite Singing Hill Road. Visit www.riveredge.us for more information.
